

Perspectives on Education through Collaborative Learning

Welcome to Utrecht

Learning goals

- Students compare and analyse schools and school systems in The Netherlands and their home country.
- Students can describe several views on inclusion.
- Students discuss current (inter)national themes in education.
- Students improve international and intercultural skills through the collaboration and exchange with students from diverse nationalities.

Who

Austrian, Belgian, Czech, Dutch, Hungarian and Polish students (and lectors/professors)

Online meeting Date: 23 februari 16.30-18.00			
When	What	Where	Information
16.30	Welcome	Teams	
16.40	Online lecture on Educational perspectives	Teams	
17.10	Mixed groups and getting to know each other ('view from my window')	Teams	Break-out rooms
17.25	International and international competences, benefits of participating in an international project	Teams

Preparations before online meeting

➤ 'View from my window'

Prepare a photo, which you can share during the online meeting in a break-out session.

Take a photo from your window (at home). With this photo, you will start a short introduction of yourself during the online meeting.

Please have the photo ready at the break-out session!
